FEATURES & BENEFITS

- Unique composition that resists contraction and expansion, makes it **more stable** in all environments.
- Surface Texture and high definition print to **enhance the real wood look and feel**.
- Subtle bevelled edges for an **aesthetic timber plank impression**.
- Superior **resistance to heavy furniture** point loads.
- Made from 100% Original materials to ensure controlled **quality and stability**.
- Enhanced 0.5mm wear layer for **higher durability**.
- Bio-based materials (phthalate free, low-VOC) which is **healthier and safer for you and the environment**.
- Acoustically rated to **reduce noise disturbance**.
- Waterproof surface and core for **easier cleaning & resisting spills**.
